OKR10 Stormwater Construction Permit

RESOURCE MANAGEMENT CONFERENCE

Home Builders Association
of Greater Tulsa
Sept 14th, 2022
9:00 am - 4:00 pm
Mike Fretz Event Center at
HBA 11545 E. 43 St.
Tulsa, Oklahoma

About the Conference

This conference will provide training for industries that are involved in adhering to OKR10 Permit for Stormwater discharges for construction activities. Employee training and education help to prevent stormwater discharges. Municipalities covered by the OKR10 permit will also benefit by learning how to identify sources of stormwater pollution from construction activities, what BMPs should be implemented, and what action to take to eliminate these sources.

Attendees will earn continuing education credit for full participation in the Resource Management Conference.

Conference Topics Wednesday September 14, 2022

- Registration and Check-in
- Welcome and Introductions
- OKR10 Regulatory Compliance Overview
